

Mehul Patel

Berlin, Germany | +49 160 XXX-XXXX | nomadicmehul@gmail.com | linkedin.com/in/nomadicmehul | nomadicmehul.dev

DevOps Lead | Cloud Architect | Developer Advocate

PROFESSIONAL SUMMARY

Versatile Cloud & DevOps professional with 12+ years of experience spanning infrastructure architecture, platform engineering, product management, and developer advocacy across AWS, Azure, and GCP. Proven track record in Kubernetes orchestration, Terraform IaC, CI/CD pipeline design, and AI-assisted engineering workflows. Achieved 30–40% infrastructure cost reduction, 25% faster release cycles, and 75% decrease in manual ETL intervention. Docker Captain, AWS Community Builder, and Google Developer Expert with 500+ sessions delivered across 20+ countries.

TECHNICAL SKILLS

Cloud Platforms: AWS (EKS, EC2, IAM), Google Cloud (GKE, Cloud Logging), Azure (AKS, Azure AD, PIM)

Container & Orchestration: Kubernetes, Docker, Podman, Helm, OpenShift

Infrastructure as Code: Terraform, Terragrunt, Ansible, CloudFormation

CI/CD & GitOps: GitHub Actions, GitLab CI/CD, ArgoCD, Jenkins

Observability & Security: Prometheus, Grafana, Zabbix, DevSecOps, Zero-Trust

AI & Automation: Claude, GitHub Copilot, MCP Servers, Azure AI Foundry

Leadership: Team Management, Agile/Scrum, Product Roadmaps, Stakeholder Communication

Languages: Python, Bash, YAML, HCL

PROFESSIONAL EXPERIENCE

DevOps Team Lead | BuildingMinds GmbH

Jun 2025 – Present Berlin, Germany

- Led DevOps and Platform Engineering across infrastructure, delivery, and reliability, defining technical direction and mentoring engineers on cloud, DevOps, and AI-assisted workflows.
- Architected Azure infrastructure for a microservices SaaS platform using Terraform/Terragrunt and AKS, supporting secure multi-environment (dev/staging/prod) deployments.
- Drove organization-wide AI adoption by integrating Claude and GitHub Copilot into engineering processes, accelerating IaC development, automation, and incident resolution.
- Spearheaded migration from Azure DevOps to GitHub Enterprise Cloud for 100+ repos and 20+ teams, implementing SAML SSO, Azure AD sync, and reusable GitHub Actions templates.
- Optimized Kubernetes autoscaling (HPA, VPA, Cluster Autoscaler), achieving 30–40% infrastructure cost reduction.
- Implemented DevSecOps practices including PIM-based privileged access, zero-trust patterns, security scanning, and compliance controls.

DevOps & Cloud Consultant | Havops Technologies LLP

Aug 2022 – Nov 2024 Remote

- Architected cloud infrastructure on AWS and GCP with focus on scalability, security, and cost optimization.
- Deployed and managed containerized workloads using Docker, Podman, and Kubernetes (EKS, GKE, OpenShift).
- Implemented CI/CD pipelines with GitLab CI, GitHub Actions, and ArgoCD for automated testing and deployment.
- Automated infrastructure provisioning using Terraform and Ansible, reducing manual interventions and errors.

Open-Source Community Manager | Zextras

Mar 2022 – Aug 2022 Remote

- Grew global developer community to 5K members (1.5K active), executing engagement strategies and feedback loops.
- Organized developer events, webinars, and meetups; created comprehensive training materials and documentation.

Technical Product Manager & Fractional CTO | BookRyde by SoftPixel.CO (via Internauts Infotech LLP)

Jul 2019 – Jan 2022 Thailand

- Drove product life cycle from inception to launch; architected delivery on Google Cloud and AWS with CI/CD pipelines using Docker, Kubernetes, and Terraform.
- Managed cross-functional team and product roadmaps, achieving 25% faster release cycles through iterative user feedback.
- Provided cloud strategy, architecture consulting, and migrations for enterprise clients.

Senior Technical Support Engineer | Zimbra

Apr 2018 – Jul 2019 Pune, India

- Administered and optimized Linux and Zimbra-based email infrastructure for high availability and security.
- Led troubleshooting and root cause analysis of complex server incidents; mentored L1 & L2 engineers.

Senior Technical Consultant | Zypher

Oct 2016 – Apr 2018 Ahmedabad, India

- Led cloud platform operations on RedHat, VMware, OpenVZ, and KVM including infrastructure setup and migration.
- Engineered data pipelines using Apache NiFi and Python, reducing manual ETL intervention by 75% for 8+ enterprise clients.

Technical Consultant | The Design Shop

Dec 2013 – Sep 2016 Ahmedabad, India

- Configured and maintained Linux server environments (Red Hat, CentOS, Cloud Linux); oversaw technical project delivery.

Technical Support Engineer | Persys Web Technologies

Nov 2012 – Nov 2013 Nashik, India

- Managed and monitored Linux servers; enhanced ticket resolution efficiency by 20% through automated diagnostic tooling.

EDUCATION

Master of Computer Science | Savitribai Phule Pune University

Aug 2013 – Jul 2015

Bachelor of Computer Science | Savitribai Phule Pune University

Aug 2009 – Jun 2012

CERTIFICATIONS

AWS Certified DevOps Engineer – Professional | Google Cloud Professional DevOps Engineer | Associate Cloud Engineer – Google Cloud | Microsoft Certified: Azure Administrator Associate | AWS Certified Solutions Architect – Associate

COMMUNITY & INDUSTRY RECOGNITION

- Google Developer Expert – Google Cloud (Feb 2025 – Present)
- Docker Captain (Aug 2024 – Present)
- Grafana & Friends Community Organizer, Berlin (Feb 2025 – Present)
- AWS Community Builder – Containers (Oct 2021 – Present)
- Mozilla Reps Council Member (Nov 2022 – Nov 2023)

KEY OPEN-SOURCE PROJECTS

- **TheNightOps:** Autonomous SRE agent for Kubernetes built on Google ADK and Gemini — multi-agent incident investigation, remediation, and real-time dashboards. (github.com/nomadicmehul/TheNightOps)
- **Docker hello-genai:** Core maintainer of Docker's official multi-language GenAI chatbot — Go, Python, Node.js, Rust — showcasing Docker Model Runner with local LLMs. (github.com/docker/hello-genai)
- **CloudCaptain:** Curated collection of cloud-native resources, hands-on labs, and learning paths for AWS, GCP, Azure, Docker, and Kubernetes. (github.com/nomadicmehul/CloudCaptain)

SELECT SPEAKING ENGAGEMENTS

500+ sessions across 20+ countries. Highlights: AllThingsOpen 2018, Raleigh, USA | ServerlessDays Milano 2018, Italy | ServerlessDays Auckland 2018, New Zealand | OWASP AppSec Israel 2018, Tel Aviv | OWASP New Zealand Day 2019, Auckland | Mozilla Festival 2018, London, UK | RustFest Paris 2018, France | Developer Day Seattle 2022, USA | Mozilla Whistler All Hands 2019, Canada — Full list: nomadicmehul.dev/speaking

Languages: English (C1), Hindi (C1), Gujarati (C2), German (A1)
